

YOUR FUEL-SAVING TRAVEL CHECKLIST

BEFORE YOU GO

Set yourself up for a smoother, more efficient trip.

- ☐ **Plan your fuel stops early:**
Don't wait for the warning light — especially in remote areas.
- ☐ **Check fuel prices ahead:**
Use apps like FuelMap to avoid overpaying on the road.
- ☐ **Have a backup option:**
A flexible route means you're never relying on one stop.

ON THE ROAD

Small driving habits make a big difference.

- ☐ **Keep a steady cruising speed**
Around 90–95 km/h on the highways, is the sweet spot for towing efficiency.
- ☐ **Drive smoothly**
Ease into acceleration and braking to reduce fuel use.
- ☐ **Avoid unnecessary idling**
If you're stopped for a while, switch the car off.

LIGHTEN THE LOAD

Maximise the Dreamhaven advantage

- ☐ **Pack only what you need**
Every extra kilo adds up over long distances.
- ☐ **Manage your water levels**
Carry what you need for the journey, not the entire trip.
- ☐ **Reduce drag where you can**
Keep windows closed and remove unused external racks.

TRAVEL SMARTER

Make the most of every stop.

- ☐ **Stay longer in each location**
Less driving, more enjoying.
- ☐ **Set up once, explore more**
Use your van as a base instead of towing everywhere.
- ☐ **Maximize Self-Sufficient Capabilities**
Solar and lithium give you more freedom, fewer detours.

BE PREPARED

A little planning goes a long way.

- ☐ **Carry spare fuel safely (if appropriate)**
Only where legal, and always stored correctly.
- ☐ **Keep track of your fuel use**
Helps you plan ahead and avoid surprises.

THE DREAMHAVEN ADVANTAGE

Travel on your terms. Your space, your pace, your way — with the freedom to go further.

MAXIMISE YOUR EFFICIENCY
